1. The NEA Active annual membership includes a \$7 special assessment set by members in July 2000 to help state affiliates, such as CEA, defeat anti-public education ballot issues and expand NEA's national media campaign. The \$7 assessment is an obligation for all NEA members, including members who pay part-time NEA dues. NEA Student dues include \$1 for the same purpose.
2. The CEA Active annual membership includes a \$41 Every Member Option (for political activities), and a \$13 Public Relations Assessment (for CEA's advertising campaign).
3. A member can be refunded the CEA Every Member Option sum by notifying CEA in writing before December 15. CEA sends a letter about the Every Member Option refund process to all Active members who join after December 15. Student members do not pay Every Member Option nor the PR Assessment, though they may make contributions to either or both. CEA includes Every Member Option refund information in the CEA Journal twice annually, and automatically refunds the EMO sum to any member who is not a U.S. citizen/legal permanent resident.
4. The LEA Active annual membership includes a \$12 Every Member Option (for political activities).
5. A member can be refunded the LEA Every Member Option sum by notifying LEA in writing before December 15. LEA sends a letter about the Every Member Option refund process to all Active members who join after December 15. Student members do not pay Every Member Option. LEA provides Every Member Option refund information to members twice annually, and automatically refunds the EMO sum to any member who is not a U.S. citizen/legal permanent resident.
6. The Local Association has the responsibility to determine if a member pays less than full dues. If one works more than half time, full dues must be paid; if one works less than half time, half dues will be paid. This figure is determined by a teacher's/faculty's employment contract.
7. If an Active member joins after September 1, the Local Association in determining the new member's dues must prorate the dues by the number of months and payroll deduction periods remaining in the membership year.
8. The total annual dues obligation for Active (non-first year) full-time members is \$830.38, and for Active (non-first year) part-time members is \$432.69.
9. Dues payments are not deductible as charitable contributions for federal income tax purposes. CEA provides this information to members in the January CEA Journal, and on its website.
10. Ethnic information is optional, and all information is confidential; CEA does not sell or give away member lists. Membership is open only to public education employees and students in pre-teaching programs.
